

PHILIPPIANS WEEK 2 (22 JULY 2023)

Tom de Bruin

Time to continue our discussion of Philippians. Last week we had some introductory conversations, this week it's time to look in more depth at Paul's theology in the letter and what the Philippians would have taken from it.

Read the letter (it's only a few pages!) and try to notice when Paul talks about the following topics, and what he says:

- Christ
- The Church
- Paul's history, identity and future
- Righteousness
- The end of the world, death and the afterlife
- Joy

Finally, try to make a list of the things, teachings and actions the Philippians must avoid.

We'll be running through some major parts of the letter and looking at Paul's theology and thought.
